## EDUCATION

### Zaporizhzhya National Technical University - Computer Science, Ukraine

SEPT. 2021 - Current

Studying now. I have an Artificial Intelligence oriented program, but as of now I have more fun with Web Development.

## PROJECTS

### Online Store — *Online clothing store*

Fully operational online clothing store with Stripe for checkout, Axios to fetch data, Postgres database to store products. The Main stack is NextJS 13, TypeScript, TailwindCSS.

(<https://github.com/MightComeback/online-store>)

### Web Chat App — *NextJS online chat application*

Online real time chat application utilizing NextJS 13, React components, Typescript, TailwindCSS as well as MongoDB using Prisma as a database and Google Authentication with Next Auth, I've created a fully working chat website.

(<https://github.com/MightComeback/chat-webapp>)

### Youtube Randomizer — *Random youtube videos*

Random Youtube video generator using Youtube API, React, JavaScript and TailwindCSS, built for fun, for users to explore videos they would never see.

(<https://github.com/MightComeback/youtube-randomizer>)

And many more: <https://github.com/MightComeback/>

## PORTFOLIO & GITHUB

## SKILLS

HTML 5  
CSS 3  
React  
Node JS  
Express JS  
React-Native  
NextJS 13  
JavaScript  
TypeScript  
Python3  
TailwindCSS  
Vite  
REST API  
Redux  
Bootstrap  
Jquery  
C++  
Databases  
Stripe  
Axios  
Git  
OOP and design patterns

## LANGUAGES

English - Advanced  
Russian - Native  
Ukrainian - Native  
Japanese, German - Beginner

## SOFT SKILLS

Team-worker  
Adaptiveness  
Flexibility
